Bonnie Leidner's love of music began at the age of five, when she first discovered the joy of picking out tunes on a toy keyboard. Years of piano lessons and practice eventually led her to share her music at weddings, parties, happy hours, and, most meaningfully, with seniors in nursing homes and assisted living communities.

Bonnie has been a part of The Greens community since its doors first opened, sharing her love of music with residents and becoming a familiar and cherished presence over the years. For more than 20 years, she has also been involved in Music & Memory, using familiar songs to encourage connection, spark memories, and bring joy to those around her.

At The Greens, Bonnie leads Name That Tune, featuring music from classical, jazz, Broadway, pop, folk, holiday, and international favorites. It's a fun and engaging program.

A MESSAGE FROM BONNIE LEIDNER:

"As a trained and talented keyboard musician, I have spent many years bringing music to others through programs, sing-alongs, and concerts. I have been leading Name That Tune at The Greens for approximately 20 years, and I truly enjoy connecting with residents through music. It is wonderful to see how familiar songs can stimulate memories, create moments of joy, and bring a sense of calm and connection."
